

**Industrial User Wastewater Survey  
&  
Permit Application**

**BSL Laboratory Addendum**

1. How many BSL-1, BSL-2, BSL-3, and BSL-4 laboratories do you have at this site?

BSL Laboratory Category	Total Number of BSL laboratories at this facility
BSL-1	
BSL-2	
BSL-3	
BSL-4	
Other BSL	

2. What is the general nature of the work conducted in the BSL laboratories at this facility?
3. What are the types of microbes and/or viruses being used? Please provide Safety Data Sheets for all microbes and/or viruses used at this facility.
4. How are cultures, stocks, and other potentially infectious material disposed of at this facility?
5. How do you decontaminate/disinfect cultures, stocks, and other potentially infectious material before disposal?
6. Do you verify your decontamination/disinfection processes of cultures, stocks and other potentially infectious material before disposal? If so, how?
7. Are your laboratories large volume BSLs ( $\geq 10$  Liters of BSL material present at any one time) or small volume BSLs ( $< 10$  Liters)?
