

Below you will find the valuation factors to be used by Durham County for the appraisal and assessment of data processing equipment and software for **TAX YEAR 2020**. These factors were developed in compliance with USPAP standards and consider each of the nine factors included in **N.C.G.S. 105-317.1, Appraisal of Personal Property; elements to be considered**. The application of this schedule to the original installed cost of data processing equipment and software will result in the “true value” of the appraised assets as required in **N.C.G.S. 105-283**.

<b>Acquisition Year</b>	<b>Cost Valuation</b>	<b>Factor</b>	<b>True Value</b>
2019	\$1,000,000.00	.864	\$864,000.00
2018	\$1,000,000.00	.539	\$539,000.00
2017	\$1,000,000.00	.267	\$267,000.00
2016	\$1,000,000.00	.153	\$153,000.00
2015	\$1,000,000.00	.081	\$ 81,000.00
Prior Years	\$1,000,000.00	.081	\$ 81,000.00
